

Family Engagement & Community Schools

September Newsletter

Student Wellness Center

Our student wellness center is in the works. We have begun rearranging the room and are in the process of ordering supplies. In addition, we are applying for a grant that will help us fully furnish the wellness center. We hope to have it up and running soon!

Community Schools Site Team

This month we held our first site team meeting of the new school year. As a team we decided that our first plan of action is to launch a parent greeter program. We will recruit parent volunteers who will support on campus before school to welcome & greet students and help with directing traffic in the morning.

What is Community Schools?

A Community School is a safe place at the heart of the community where students, staff, and families are connected and work together to expand the opportunities and address the needs of the whole child so that all students can thrive and realize their unlimited potential.

Back to School Night

Back to School Night was a success! Our team focused on inviting community partners, creating the parent passport and we had our very own family engagement & community schools table that was led by two of our community schools site team students.

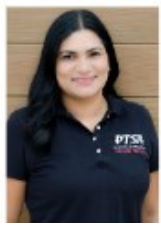

MEET OUR TEAM

Rene Covarrubias
Community Schools Coordinator
